

FPMHC RESOURCE GUIDE

Created: September 2023

Created by: Florida Chapter of the American Academy of Pediatrics, Inc. PMHCA Grant Team, including experts from Florida's Pediatric Behavioral Health Collaborative

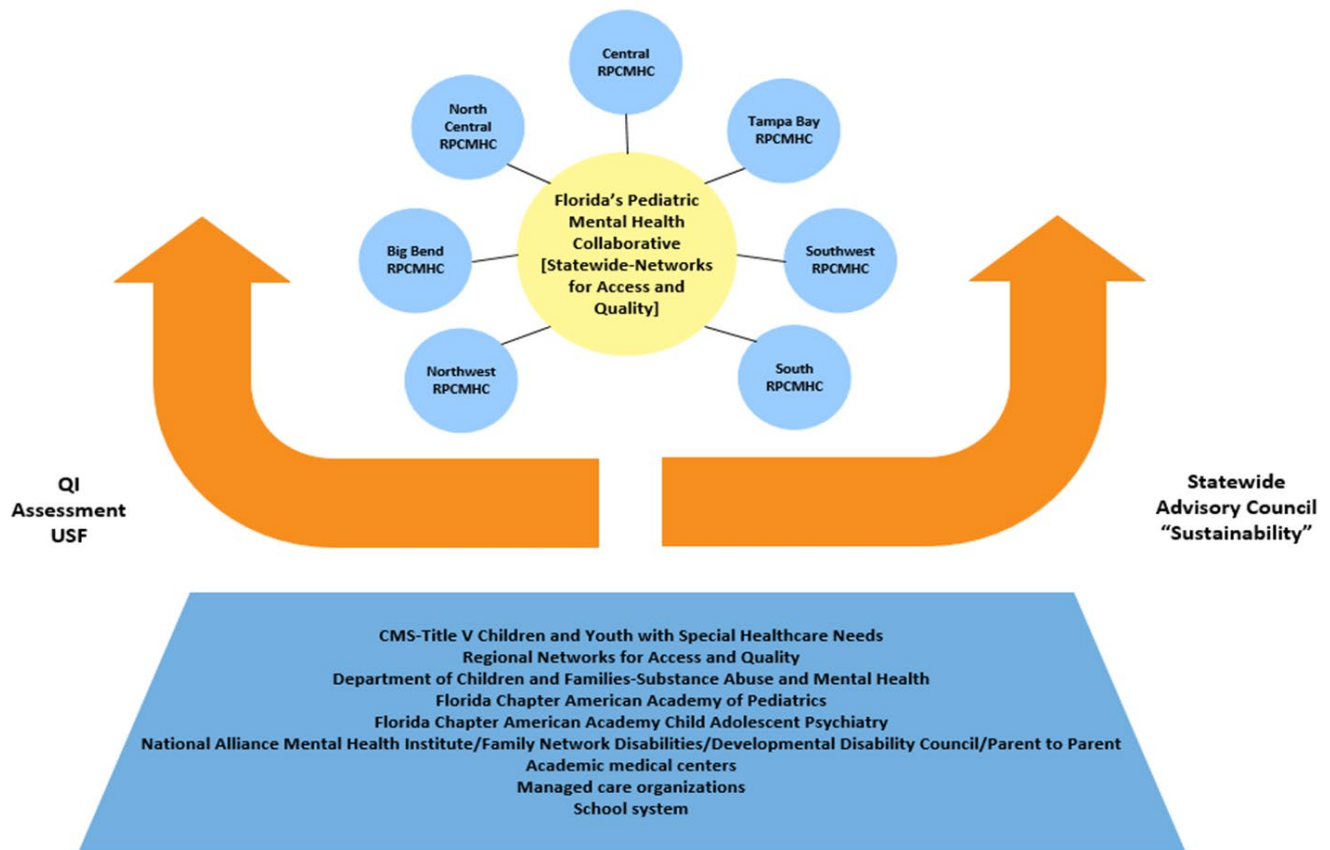

THE FLORIDA PEDIATRIC MENTAL HEALTH COLLABORATIVE (FPMHC)

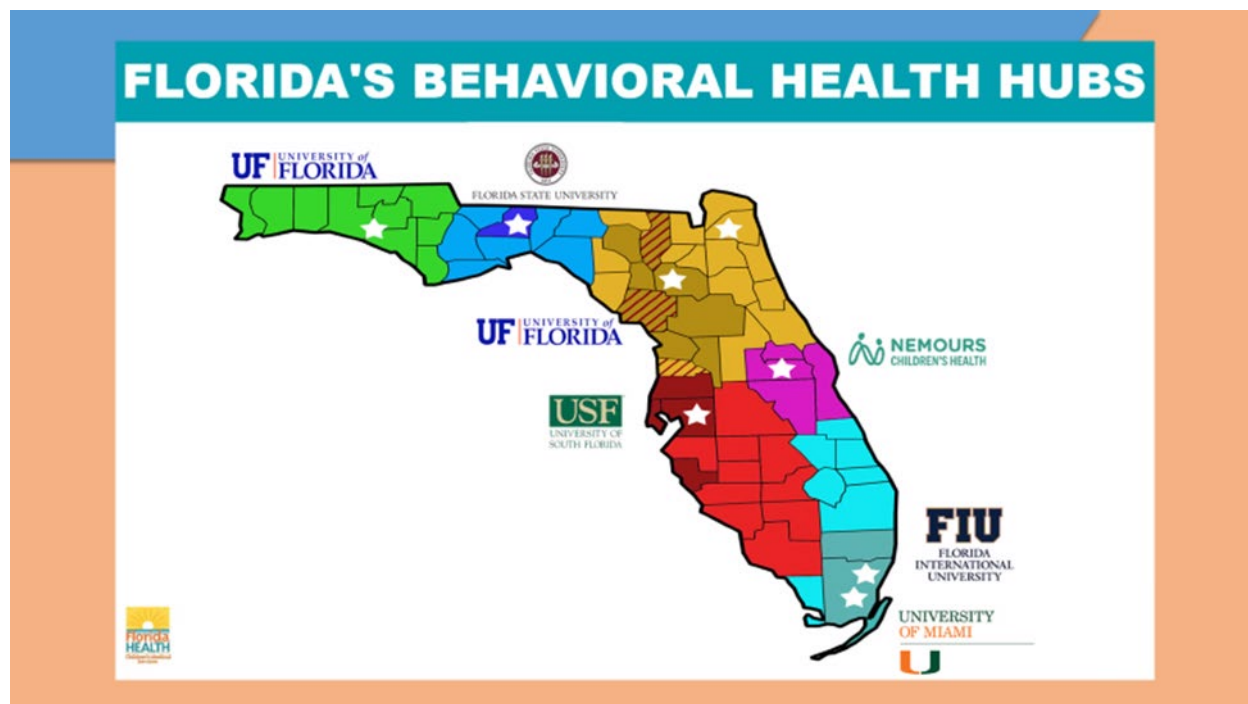

The Florida Department of Health's Title V program collaborated with partners to develop a statewide behavioral health network, the Florida Pediatric Mental Health Collaborative. The purpose of the FPMHC is to increase access to pediatric mental health services by building the capacity of primary care pediatric providers through technical assistance, skills-building training, and tele-consultations. The FPMHC is the organizing body for regional behavioral health hubs (BHH). Learn more [here](#).

FLORIDA'S REGIONAL BEHAVIORAL HEALTH HUBS (BHH)

Florida's behavioral health hubs are organized by geographic region across the state. Each regional BHH has implemented an evidenced-based model of Integrated Behavioral Healthcare (IBH) that best meets their community needs. Behavioral Health Hubs work with local primary care pediatric providers to build the providers' capacity in mental health diagnoses, treatment, and referral of children with mental/behavioral health conditions. This work includes a needs assessment process, tailored skills building training, technical assistance, evidenced-based treatment, and telehealth consultations. Each BHH also establishes a referral network of local behavioral health providers to address the range of treatment needs a child or youth may have.

The Florida Behavioral Health Hubs include:

- University of South Florida's Florida Center for Behavioral Health Improvements and Solutions
 - Service area: Southwest Florida (identified in **red** on the above map)
 - Website: <https://floridabhcenter.org/>
- Florida State University's College of Medicine Center for Behavioral Health Integration and their partner the Tallahassee Pediatric Behavioral Health Center
 - Service area: North Florida (identified in **blue** on the above map)
 - Website: <https://med.fsu.edu/behavioralhealthintegration/home>
 - Partner Website: <https://wholechildleon.org/bhnavigation/>
- University of Florida's Department of Psychiatry, Division of Child & Adolescent Psychiatry
 - Service areas: Northwest and Northeast Florida (identified in **green** and **yellow** on the above map)
 - Website: <https://bhh.psychiatry.ufl.edu/>
- University of Miami's Miller School of Medicine Department of Psychiatry and Behavioral Sciences
 - Service area: Southeast Florida (identified in **turquoise** on the above map)
 - Website: <https://med.miami.edu/departments/psychiatry/divisions-and-programs/child-and-adolescent-psychiatry>
- Florida International University's Herbert Wertheim College of Medicine Department of Psychiatry and Behavioral Health
 - Service area: Southeast Florida (identified in **turquoise** on the above map)
 - Website: <https://medicine.fiu.edu/about/departments/psychiatry-and-behavioral-health/clinical-services/clinical-service-contracts/index.html>
- Nemours Children's Health
 - Service area: East-Central Florida (identified in **purple** on the above map)
 - Website: <https://www.nemours.org/services/child-psychology.html>
